OHIO STATE MEDICAL ASSOCIATION HOUSE OF DELEGATES

Resolution No. 9 – 2025

Introduced by: OSMA District 3

Subject: Physician Led Health Care Teams

Referred to: Resolutions Committee No. 1

- -

WHEREAS, physicians have significantly more training than any other member of the health care team, and should be the leaders of the health care team; and

WHEREAS, studies have shown that independent practice by advanced practice providers in other states results in more testing, more expense, and worse outcomes than is seen for APP's practicing in a team with a physician as leader; and therefore be it

RESOLVED, that our OSMA support physician led team-based approaches to care and oppose advanced practice providers practicing independently without any physician relationship.
